

## Digital Photography Services

Hamptons Web Design offers high-quality digital photography services for a variety of businesses.

-  
Final Product or Property Photo Shoots offer quality images for your business. You will receive a CD with the final selections which can be used for print or for your website.

-  
Works in Progress Photo Shoots offers on-location shoots per week, processing the photos to insure quality images are presented, and uploading them on to your gallery. You do not have to do anything but tell your clients or co-workers that they are available for viewing. Great for communication with clients, co-workers and for a legal trail.
